

Sean Sigmon

Business Development Executive Coriell Life Sciences Incorporated

Sean is the National Business Development leader for Coriell Life Sciences' Enterprise Pharmacogenomics (E-PGx) program, a comprehensive approach to using genetic testing to improve health for large organizations.

Previously, Sean was VP of Sales and Business Development at Translational Software, a leading Pharmacogenetic (PGx) Reporting company. Prior to Translational, he was a global marketing manager with Microsoft's Health Solutions Group, a senior manager with Philips' Healthcare market intelligence group and spent more than ten years with Boehringer Ingelheim.

Throughout his career, Sean has helped executives and clinicians understand and embrace new therapies, devices, software and ways of working.

Sean serves on the Board of Trustees for Bloodworks Northwest. He holds a BA in Economics from the University of Washington and a MBA from Seattle University.
